Background

Children’s Ground is a First Nations organisation. We are committed to systems change to ensure dignity, justice and equity for all children and families. Our work focuses on national reform as well as evidencing a new way of working. The Children’s Ground Approach is a whole of community, whole of life approach, designed by First Nations people. We partner with a community over the course of a generation, led by local expertise, vision and intelligence. Together, we create and deliver an integrated system that is centred on learning, development and wellbeing that responds to the child and their family through the key transition points from pre-birth to young adulthood. Our approach recognises the cultural, social and economic strength of communities and builds on this to equip children for opportunities locally, nationally and globally.

We celebrate First Nations children and families and back their vision and talent to transform their communities from extreme stress and economic disadvantage to communities of opportunity and wellbeing.

Children’s Ground operates in Central Australia and across the Top End, with support provided by a Melbourne-based Shared Services team.

Position Summary

Working alongside our experienced Arrernte educationalists and governance committee with a focus on community empowerment, our Early Years Educators are responsible for the design and implementation of an innovative and integrated approach to learning and wellbeing. Our Educators are committed to early years learning that privileges First Nations culture with the best of Western teachings.
