Background

Children's Ground is a First Nations organisation. The Children's Ground Approach is designed and delivered through the leadership of First Nations people. We are committed to systems change to ensure dignity, justice and equity for all children and families. Our work focuses on national reform as well as evidencing a new way of working.

The Children's Ground Approach is a whole of community, whole of life approach. We privilege First Nations knowledge systems and practice. Over the course of a generation, led by local expertise, we create and deliver an integrated system that is centred on learning, development and wellbeing that responds to the child and their family through the key transition points from pre-birth to young adulthood.

Our approach recognises the cultural, social, and economic strength of our communities. We build on this over a generation to ensure a future for our children and grandchildren that gives them freedom, opportunity and rights to their culture and identity.

In the Top End of the NT, we work in the communities of Minmarama/Kulaluk, Knuckey's Lagoon, 15 Mile and Marlkawo.
